The General Manager, Government Silk Filatures, Kollegal has reported that the 2 centrifugal pumps installed on the borewells to supply water to the filatures are frequently giving trouble and have often to be stopped for repairs. As the entire quantity of water required for the filatures is being at present supplied by these pumps he apprehends that in case of any breakdown of the pumps, the filature may have to close down. He has, therefore, suggested that 2 pumps should be purchased urgently to be kept as spares and utilized when the existing pumps require repairs. Considering the urgency, I have in anticipation of Government sanction permitted him to purchase 2 more 1½" centrifugal pumps and foot valves at a cost not exceeding Rs.225/-. I request that Govt. may be pleased to approve my action and obtain

p.t.o.

the concurrence of the Government of India for expenditure incurred.

The expenditure will be debited to "85.A.Capital Outlay on provincial Schemes connected with the War, 1939- c.Other.Miscellaneous Schemes - F.Govt.Silk Filatures, Kollegal - Plant and machinery and other equipment" and recovered from Government of India on behalf of H.M.G. as an item of capital expenditure.

Sir,

Sub: Govt. Silk Filatures, Kollegal-Purchase of two 1½ centrifugal pumps - Sanction of expenditure.

I am directed to enclose a copy of the Proceedings of the Govt. of Madras No. ⊗ 2927 dated 25-7-45 and to request that, in view of the fact that the expenditure has already been incurred and that the delay in the purchase of the pumps might have resulted in the closing down of the filatures due to the entire water supply therefor being dependent on the former pumps which were frequently breaking down, the concurrence of the Govt. of India to the
